Project Title: Many Languages One Network

Investigator: Dr. Erin Buchanan

Dear Dr. Buchanan,

The review of your protocol is now complete. The project has been approved as an expedited study for a one-year time period.

Please note that HU-IRB approval policies require that you adhere strictly to the protocol as last reviewed by the IRB and that any modifications must be approved by the IRB before they can be implemented. Adverse or unexpected events must be reported to the IRB as soon as possible with an indication from the Principal Investigator as to how, in the view of the Principal Investigator, these events affect the continuation of the protocol.

Finally, it is the responsibility of the Principal Investigator to ensure that any required ethical guidelines and approvals of any outside facilities or institutions are obtained and filed with the IRB prior to the initiation of any research.

Please quote your IRB file number on future correspondence.

Congratulations and best of luck in conducting your research.

Sincerely,

Dr. Clark
